SUSTAINABLE
TASK SEATING

Monza

by Formetiq

A distinct sleek task chair range boasting the latest mechanism technology with solid sustainability credentials.

INTELLIGENT DESIGN

The Monza task chair range has been designed with the modern user in mind. As well as an adjustable lumbar support giving boosting comfort the choice of armrests and adjustable depth seat mean this chair can be tailored to precise user requirements.

The automatic mechanism gives extremely fluid movement as it suits the user's weight and sitting style, maintaining a balanced synchronised movement.

Offering up to 5 locking positions with anti-shock function and up to 19.5° of backrest tilt, the mechanism also boasts easy to access fast side tension adjustment to fine tune the chair setup.

SUSTAINABLE TASK SEATING

At Formetiq sustainability is at the heart of everything we do. Our latest task chair range takes our commitment to a circular manufacturing model one step further.

The recycled material content in the three task chair options ranges from 45 to 50% – quite an achievement in a high back task chair – with 95% of the polypropylene used in the upholstered models being recycled.

Materials used also offer at least 91% recyclability ensuring our environmental impact is minimised.

MADE IN THE UK

All our Monza seating is manufactured by our expert team at our Suffolk HQ. Each chair is lovingly built by hand using high quality Italian componentry and our carefully crafted sewing and upholstery process.

Monza chairs come with our outstanding Formetiq 10 year manufacturer warranty.

Mesh

BLACK WITH BLACK MESH

GREY WITH GREY MESH

WHITE WITH BLACK MESH

The Monza mesh back option offers a comfortable and breathable backrest choice with 3 frame colours to match to suit any design palette. The stylish angled ergonomic shape with adjustable lumbar has been designed to fully support the user.

* Based on average figures from the range. Variation may occur based on the options selected.

Upholstery

All our Monza seating is manufactured by our expert team at our Suffolk HQ. Each chair is lovingly built by hand using high quality Italian componentry and our carefully crafted sewing and upholstery process. Monza chairs come with our outstanding Formetiq 10 year manufacturer warranty.

We now offer a huge range of fabric choices with multiple colours and materials, from respected manufacturers across Europe.

CAMIRA®

Camira, founded in 1974 make more than 8 million metres of fabric a year. They design and make some of the world's most adventurous and environmentally

sensitive fabrics with expertise covering wool spinning and polypropylene yarn manufacturing, yarn dyeing, and weaving on dobby.

GABRIEL®

Since the first spinning machines were set in motion in 1851, Gabriel has evolved into a global fabric company, providing a full palette of solutions and services for the international furniture industry, including fabrics, acoustic comfort, knitting and embellishment services.

From the first woollen cloth in 1851 to their high-performance furniture fabrics today, their dedication to quality, aesthetics, and function has remained the same.

SAMPLES

Place your purchase order in the normal fashion, clearly noting item(s) are for use as samples. If returned in a saleable condition within 30 days, these will be credited.

CUSTOMER'S OWN MATERIAL

Customer's own materials or unlisted fabrics must be approved and quoted by Arrow Group before placing orders. We are unable to guarantee any product meeting fire regulations or standards which is supplied in a COM.

Form | Function | Intelligent design

Every piece of furniture our designers create aligns with our three core beliefs: it must look beautiful, work well for you and be made in the most resource-effective way.

At Formetiq® we believe days spent in a well-designed workspace can be enjoyable and an improved working environment invariably brings increased productivity.
